

FS4118M

DISPOSABLE ELECTRONIC CIGARETTE

Smoking is harmful to your health and the surroundings.
E-cigarette makes you enjoy all the pleasure of smoking,
but without the harm.

Installation method:

Insert the atomizer into the battery

Description of FS4118M:

It contains a disposable atomizer and a disposable battery. Each disposable atomizer can be sucked about 300 mouthfuls. The electronic cigarette is disposable. In order to protect the public environment, please dispose of it properly after use it. The electronic cigarette is a nonflammable electronic atomizing device. It takes the place of the real cigarette and helps people to begin the new healthy smoking habit.

Cautions

1. Keep it away from high temperature environment in use or storage.
2. Keep it out of children's reach, and avoid improper operation.
3. Please protect mucous membrane from direct contact with the nicotine liquid contained in the atomized cartridge.
4. It's better to use the electronic cigarette smoking accordant to the time and frequency of smoking an ordinary cigarette.
5. Don't use the electronic cigarette while driving, and keep it properly from collision.
